

The Jumping Clinic

Laniah and I had been looking forward to attending a jump clinic for weeks. We arrived at the stables early in the morning, eager to begin our day with Alycia Burton. Alycia is a world-renowned equestrian known for her incredible jumping abilities, and we were thrilled to have the opportunity to learn from her.

As soon as we began our riding session, we knew we were in for a treat. Alycia's expertise and passion for horses shone through as she guided us through each jump. With her guidance, we began to improve our form and technique with each attempt.

As the day went on, the jumps got higher and higher. Our nerves were tested as we approached the 1 meter 60 jump. Laniah and I exchanged a nervous glance, but Alycia reassured us that we were ready for the challenge.

With a deep breath, we approached the jump. The thrill of the ride was indescribable as we soared over the obstacle with ease. We let out a cheer of excitement as we landed safely on the other side.

The rest of the day was a blur of excitement and adrenaline as we continued to push ourselves to new heights. We left the clinic feeling inspired and grateful for the opportunity to learn from such an incredible athlete.

Looking back on that day, Laniah and I still can't believe we jumped 1 meter 60 with Alycia Burton. It was a truly unforgettable experience that we will cherish forever.
